### DESCRIPTION

- Powered by M12™ REDLITHIUM™-ION battery technology, the hybrid puffer ladies vest uses carbon fibre heating elements to create and distribute heat to the chest and back.
- A one-touch LED controller allows the user to select from 3 heat settings, delivering ideal heat for any environment.
- Superior run time – up to 6 hours of heat on a single battery charge (2.0 Ah).
- The Ripstop Polyester provides a lightweight design that can be used as an outer-shell or as a mid-layer (100% Polyester outer and inner shell).
- Water and wind resistant - provides comfort and durability in harsh environments.
- Machine washable and dryable.
- Reinforced high-wear zones protect from abrasion and tears.
- M12™ battery holder - concealed battery pocket for minimal user interference.
- Flexible battery system: works with all MILWAUKEE® M12™ batteries.
- Supplied without battery and charger.
