PARTNER W DOBORZE ROZWIĄZAŃ TECHNICZNYCH DLA PRZEMYSŁU I MOTORYZACJI

e > Accessories > Drilling > Metal dril bits > HSS-G

## DESCRIPTION

- Metal drill bits ground from solid, extremely heat resistant 5% cobalt-alloyed high speed steel produced according to DIN 338.
- Suitable for drilling high alloy content steels and metals with tensile strengths over 1000 N/mm<sup>2</sup> like stainless steel.
   QUAD EDGE<sup>™</sup> Tip: unique combination of 135° split point and four cutting edges: 135° split point allows for precise & fast drilling start without walking.
- Four cutting edges create smaller chips to prevent heat build up for longer life.
  Variable flute geometry: For faster material ejection. Helps the bit run cooler and prevent it from burning out faster.
- Enhanced tapered web: Wider core towards the shank of the drill bit. Strengthens the core to increase overall flute durability.
   3-flat shank from Ø 5 mm for better grip and prevents chuck slippage.
- Colour: bronze

## FEATURES

Symbol	4932363276
L [mm]	117.00
D	8.50
Тур	HSS-G Cobalt
Ilość elementów	1
Długość robocza	75.00
Uchwyt	cylindryczny
