DESCRIPTION

- Suitable for use with all types of corded / cordless drills including impact wrenches.
- Drilling with an impact wrench enables drilling holes with less effort, one hand drilling, drilling up a ladder and above head height with less risk of injury from the tool clutching out.
- Special zone hardening process ensures an extra hard shank, durable tip and perfectly flexible bit body.
- New Milwaukee® Through-Center head geometry with the lead cutting edge lines up with the center of the feed screw.
- This ensures efficient chip removal and allows for continuous feeding.
- 20° rake angle of the lead cutting edge creates a path for easy chip ejection.
- Polished and powder coated flute design produces a non-stick surface for increased chip ejection, reduced chip clogging and higher selffeeding capability.
- Milling marks are removed in the finishing process, creating a smooth surface.
- Lewis flute with large, wide throat design for rapid chip removal.
- Sharp ground cutting lips for smooth clean holes.
- Resharpenable cutting lips.
- With 7/16" shank. To fit square drive 1/2" impact wrenches the adaptor 48660061 is required.
- Suitable for hard & soft wood, wet & treated wood, plywood, chipboard, WPC (wood plastic composite), laminated beams and panels, exotic and hard woods e.g. bongossi, iroko, teak, beech, oak, etc.

FEATURES

Symbol	48136780
Zakres zestawu	14 - 20 mm
Typ	kręte
Zastosowanie do materiału	drewno
Czy zestaw	tak
Ilość elementów	4
Opakowanie	saszetka
Uchwyt	7/16" Hex
